

THE UNIVERSITY OF BRITISH COLUMBIA  
Faculty of Medicine

2015-2016

# Research By the Numbers

Every day across British Columbia, researchers and trainees at the UBC Faculty of Medicine are making incredible discoveries, forging meaningful relationships and helping to create the pathways to better health our communities deserve.

[Learn more.](#)

# 5 Strategic Research Priorities

The Faculty of Medicine’s research environment is remarkable for its depth and breadth in core areas such as cancer, brain and mental health, heart and lung health, chronic diseases and population health.

## Research Trainees

With a commitment to training the next generation of researchers and health care providers, the Faculty of Medicine offers a wide range of clinical, population and discovery-based Master and PhD programs in state-of-the-art facilities across B.C.

POSTDOCTORAL FELLOWS

**334**

PhD STUDENTS

**572**

MASTER'S STUDENTS

**1,080**

GRADUATE STUDENTS ATTRACTED

**\$5.5M**

IN EXTERNAL, MERIT-BASED FUNDING IN 2015/16.

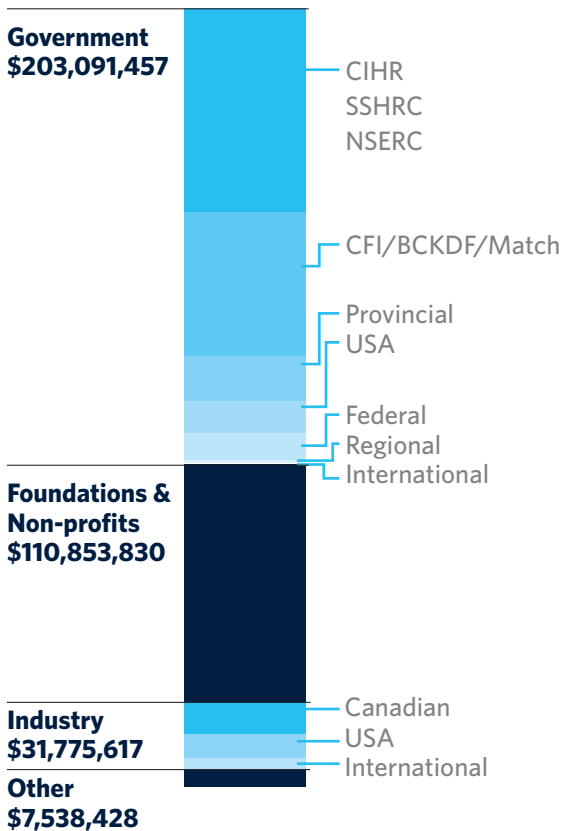

# Funding and Partnerships

The Faculty of Medicine is supported by external funding from around the globe, igniting research innovation and discovery to improve care.

# \$353M

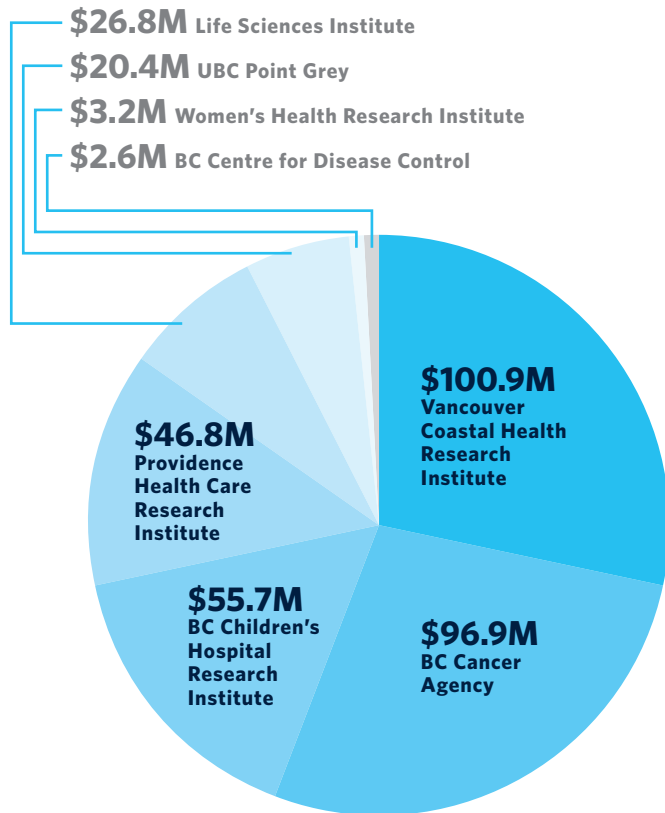

total research funding received in 2015/16

Our vibrant research community is supported by partnerships with B.C.'s 7 Health Authorities.

Faculty members based at Health Authority Research Institutes attract a significant share of our total research funding.

Distribution of 2015/16 research funding by site:

# Technology Transfer

From ideas to patents, the Faculty of Medicine is working with industry to accelerate the transfer of research findings to care.

4

Research by the numbers | 2015-2016

**132**

patents issued or filed

**6** spin-off companies created

**24** option, license and assignment agreements completed

**46** invention disclosures

**\$2.2M** in technology licensing revenue generated
